To all my supporters over the last four municipal elections, I thank you for believing that we can do better for Etobicoke North and that it can be a safer place to live and raise our families.

The most effective way to voice your concerns is to cast your vote on November 13th, so please be there and remind your friends and neighbors to do the same.

However you will not find my name on the ballot for this election. I have decided to put my support behind **SONALI VERMA**.

Sonali is proactive and shares the same vision and ideology that I do for our community. A vision that includes significant improvements from beautification, safer streets, employment opportunities and so much more. Imagine a Councillor that is approachable and puts our community first at City Hall.

Please remember that if we continue to vote the same way, we will continue to get the same sad results.

So please, on **Monday November 13: Vote for Change. Vote for SONALI VERMA.**

Regards,

Vince Crisanti

Community leaders Art Ross and John Anga endorse Sonali Verma for Councillor

Art Ross (L) and John “The Farmer” Anga with Sonali Verma

Art writes...

Dear friends,

I have lived and taught in this neighbourhood for over 50 years. I have known Sonali Verma for some of those years as both a friend and a neighbour.

I wholeheartedly support her running for office. She is intelligent, energetic and very dedicated, and will do a great job for our community.

She and her husband, Vikash Jain, an investment manager, are raising a young family in our ward.

So please, on November 13, vote for Sonali Verma.

John writes...

Folks,

This is John Anga - the “farmer” on Bankfield. I have lived here for over 32 years. I’ve been president of the Thistleton Ratepayers Association for over 23.

This community needs a fresh face and new ideas. I truly believe that this Ward can be Number 1 with the right leadership. A change is very important at this time. I have thoroughly investigated all the candidates and there is only one that I would vote for - **SONALI VERMA**.

Please help us make this change. **On November 13, vote for Sonali Verma.** You’ll be glad you did.

John Anga
